

ROOF CARE

www.atlas-apex.com

NOT YOUR AVERAGE ROOFING COMPANY.

Walk into our offices and the first thing that comes to mind is that we don't look like a roofing company. Talk to any of our staff and you won't feel like you're talking to a roofing company. **That's because we are not like any other roofing company in the world.**

OVER 85 YEARS OF ROOFTOP PERFORMANCE.

With over 85 years of experience in the roofing business, we've created a smarter roofing company designed around the way our customers run their businesses. We provide all the tools and information they need, when and how they need them.

ROOF MAINTENANCE IS THE SMARTEST INVESTMENT YOU WILL MAKE THIS YEAR.

The math is very, very simple: regular inspections and repairs of your roofing system now can prevent or delay the expense of larger repairs and even complete replacements down the road. From a cost perspective, the investment in roof maintenance is one of the best investments in any building's life cycle.

ALWAYS START AT THE TOP.

Roof performance is one of the biggest contributors to the efficiency and ongoing operation of any building. Customers turn to Atlas-Apex for cost-effective roof maintenance programs designed to help extend the life of their roofing system. Each program is designed for the specific age and condition of that roof.

EVERY ROOF NEEDS A PLAN.

A preventive maintenance program can be put together quickly and give you lasting peace of mind knowing you're covered. The program includes 24/7 service set up, and with every inspection you receive a full maintenance report with future repair recommendations and estimates. You know your roof is maintained properly and you know what to expect with each passing season.

WE PROVIDE A CUSTOMIZED PROGRAM COMBINING ELEMENTS FROM THE FOLLOWING LIST:

- ✓ Clean drain screens and surroundings
- ✓ Refill plastic boxes with rubberized mastic
- ✓ Inspect all control and/or expansion joints
- ✓ Reseal open-end laps with rubberized mastic and mesh
- ✓ Inspect roof inventory and mark serious defects and membrane ridges and re-pour bare felt areas
- ✓ Carry out caulking repairs to storm collar details
- ✓ Correct ballast displacement
- ✓ Inspect gas line supports
- ✓ Replace damaged or missing Roofmate protective pads
- ✓ Inspect base flashing and related components – curbs, equipment pads, supports, pipe penetrations, pitch pockets, parapet walls, adjoining walls, roof edges, scuppers and drains
- ✓ Inspect metal counter flashing – caulk and/or refasten as required
- ✓ Supply and install patio stones on Roofmate protective pads
- ✓ Inspect roof walkways and padding
- ✓ Evaluate and report corrosive spills with recommendations
- ✓ Provide digital photography of existing roof conditions and areas of concern

LET US GET YOU COVERED TODAY.

A TOP DOWN APPROACH.

Atlas Guard is the culmination of 85 years of experience repairing, building and rebuilding roofs and their related infrastructure. We have created this symbol to represent what we deliver for our customers – the ultimate in protection, not only from roof breakdown, but from the time and costs associated with ongoing damage. Very simply, when our customers invest in maintaining their roof assets, they realize a much bigger return on their roof – time after time.

And so it gives us great pride to know we are Canada's number one choice when it comes to maintaining roofs from coast to coast.

..... *John Petrachek* > **President**
