

**NEW CONSTRUCTION
AND WATERPROOFING**

www.atlas-apex.com

NOT YOUR AVERAGE ROOFING COMPANY.

Walk into our offices and the first thing that comes to mind is that we don't look like a roofing company. Talk to any of our staff and you won't feel like you're talking to a roofing company. **That's because we are not like any other roofing company in the world.**

OVER 90 YEARS OF ROOFTOP PERFORMANCE.

With over 90 years of experience in the roofing business, we've created a smarter roofing company designed around the way our customers run their businesses. We provide all the tools and information they need, when and how they need them.

ROOFING FOR NEW CONSTRUCTION.

The process for roofing any new building is different from re-roofing an existing structure. The planning, the administration, the timing of the trades and of course, the changes along the way – they're all part of an interdependent process that we understand well and know how to work in.

Atlas-Apex works with you, your team and your tradespeople to determine how and when your new roof is installed. We break down the steps that need to be taken and we give you a comprehensive estimate of all the elements. With our Roofing Communications System, we keep you informed, in real time, as the work on your new roof progresses. Plus, you get all the necessary documentation and information relating to your project.

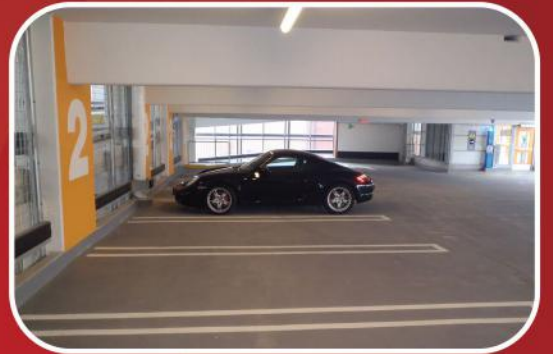

**Re-Roofing
Communications**
SYSTEM

WATERPROOFING.

When it comes to waterproofing, our professional teams have extensive experience in the installation and performance of waterproofing, caulking and moisture protection systems. Our waterproofing experience includes commercial, industrial and office construction projects. We are committed to providing a complete waterproofing system for your project and we ensure it is done right the first time.

WHAT IS A \$50 MILLION LIABILITY POLICY WORTH TO OUR CLIENTS?

We may be the only roofing company in Canada to provide \$50 million in liability insurance, but we do it for some very special reasons.

It gives our customers peace of mind knowing their employees and customers are fully covered in the event of injury.

CONTACT US
